

ORON TURGEMAN

Product Manager | Project Manager | Product Designer

Hadera, Israel · 052-4541258 · oron2558@gmail.com · linkedin.com/in/oron-turgeman · oronturgemanux.com

PROFESSIONAL SUMMARY

Product Manager and Project Manager with 6+ years leading **cross-functional projects** in advertising and digital, now building and shipping digital products end-to-end. Advertising project leadership is the same discipline as tech product management — **briefs, requirements, stakeholders, budgets, deadlines and measurable results** — applied to products instead of campaigns.

Two products live in the market, including an iOS SaaS app with **paying subscribers**, 486 registered users and a 5.0-star App Store rating — owned solo from **market research and product characterization (PRD)** through **UX/UI, delivery, launch and paid go-to-market**. Fluent in Hebrew, English and Spanish.

CORE COMPETENCIES

Product Management: Product Discovery · Product Requirements (PRD) · Product Characterization · Roadmap Planning · Backlog & Prioritization · MVP Definition · Product Lifecycle · KPIs & Success Metrics · Product Strategy

Project Management: End-to-End Delivery · Cross-Functional Leadership · Stakeholder Management · Scope & Timeline Management · Budget Management · Vendor Management · Risk & Dependency Tracking · Agile Ways of Working

Research & Strategy: Market Research · Competitive Analysis · Pricing Strategy · User Research & Interviews · Personas & User Journeys · Business Requirements Analysis · Go-to-Market Strategy

UX / Product Design: User Flows · Information Architecture · Wireframing · Prototyping · High-Fidelity UI · Design Systems · Usability Testing · Accessibility · Mobile (iOS) & Web

PROFESSIONAL EXPERIENCE

Founder & Product Manager — Independent Digital Products

Self-employed · 2 live products in the market | 2024 – Present

- **Meashrim in Click** (iOS SaaS, event RSVP & seating): built and launched a live product with **486 registered users, paying subscribers** and a **5.0-star App Store rating**.
- Owned the **full product lifecycle** solo: market research, competitive and pricing analysis, **product characterization (PRD)**, UX/UI, delivery, App Store release and post-launch iteration.
- Ran **market and competitor research** across incumbent RSVP vendors — average price per record, bundled offerings and gaps — and used it to set a **penetration-pricing** and single-system positioning strategy.
- Characterized the hardest flow in the product, **seating arrangement**, from real user constraints rather than screens first — turning a manual, error-prone process into a guided digital one.
- Took the product to market with a **paid acquisition campaign** and iterated the roadmap on **real paying-user feedback** and usage data.
- **MyPlanner** (second live product): a wedding planning system consolidating **suppliers, budget and cashback tracking** into one place — requirements defined, feature set prioritized, system shipped and in real use.

Advertising & Digital Project Coordinator

Africa Israel Residences | Jan 2023 – Present

- Lead **digital and marketing projects end-to-end** — research and strategy through execution and performance review.
- Manage **cross-functional teams** across development, design, media and creative, coordinating scope, dependencies and delivery dates.
- Write **project briefs** that translate business needs into precise requirements — the same artifact as a product spec, for campaigns.
- Own **multimillion-shekel budgets** with **vendor management** and ongoing **performance monitoring** against targets.
- Plan and deliver corporate events, sales days and conferences — full **logistics, scheduling and stakeholder management**.

Advertising & Strategic Project Manager

Hamashbir Lazarchan | Apr 2020 – Dec 2022

- Led **cross-channel projects** from concept development to launch across retail, digital and in-store.
- Drove **digital transformation initiatives** as part of the marketing strategy.
- Built **annual plans** and steered campaigns from planning to launch, tracking results against goals.
- Worked with **international suppliers and strategic partners** on brand integration and joint launches.
- Planned and managed **product launches**, corporate events and branding initiatives.

SELECTED PRODUCTS & CASE STUDIES

Full case studies, process and screens: oronturgemanux.com

- **Meashrim in Click** — live iOS SaaS, event RSVP & seating. Market research, pricing strategy, PRD, UX/UI, launch, paid marketing. **Live in the App Store.**
- **MyPlanner** — wedding planning system: suppliers, budget and cashback in one product. **Live and in use.**
- **MessAge — AI Messaging CRM** — concept case study: unified inbox across WhatsApp, Instagram and email, AI reply drafting, lead pipeline and an AI agent builder. Discovery, 12 user interviews, full product characterization and UI.
- **Woofio** — concept case study: all-in-one dog care platform replacing 4+ separate apps. Research, service definition, flows and high-fidelity UI.
